4 • AT THE SNAP OF A SWITCH

At the snap of a switch, KitchenAid's new electric hand mixer can be changed from a mixer to a blender. The new KitchenAid 3-Speed Electric Hand Mixer, Model KHM3, is the first electric hand mixer to be convertible into a blender. The new mixer is available in two colors, white and chrome. It has a 1/2-hp motor and three speeds. The mixer is designed to be used as a mixer or a blender. The mixer is designed to be used as a mixer or a blender. The mixer is designed to be used as a mixer or a blender.

Introduced by a major food store in a major city, the new mixer is designed to be used as a mixer or a blender. The mixer is designed to be used as a mixer or a blender. The mixer is designed to be used as a mixer or a blender.

KitchenAid
Electrical Hand Mixer for the Kitchen

[illegible]

A woman with dark hair, wearing a bright yellow dress with a black collar and a black belt, is dancing in a kitchen. She has her arms outstretched and a joyful expression. The kitchen features green cabinets and a blue wall. The image has a vintage, slightly grainy quality.

90
1919-2009

KitchenAid continues to introduce innovative award winning products in different categories

All this
...and less work for you
with KitchenAid

For the making since 1919...

Premium Performance. Exceptional Results. Legendary KitchenAid Quality

The idea of our flagship product – the stand mixer was formulated by Herbert Johnson, an engineer working at the Hobart Corporation. He had been inspired after seeing a baker mix dough, and thought that there must be a better way of doing the task. Prototype models were given to the wives of factory executives, and the product was named when one stated “I don’t care what you call it, but I know it’s the best kitchen aid I’ve ever had!”

Since the introduction of its legendary stand mixer in 1919, KitchenAid® products have delivered premium standards of quality, long-lasting durability, and precision to the home kitchen. 97 years later, the KitchenAid brand now offers virtually everything you need for a well-equipped kitchen - high-performance appliances, cookware, bakeware, and essential kitchen tools - you’ll find it all here, performance and perfection in equal measure.

Every KitchenAid is created with the same attention to detail, quality craftsmanship, versatile technology and timeless design – the reason why KitchenAid was found to be the brand of choice by the International Association of Culinary Professionals and American Culinary Federation*.

With the good wishes and support of the culinary fraternity, KitchenAid made its way into the Indian kitchens in September 2013 across major cities and we plan to move ahead with great product launches for the country’s passionate gourmets.

*Based on a 2014 survey, KitchenAid was found to be the home kitchen appliance brand chosen most often by members of the International Association of Culinary Professionals.

Baking

Three kitchen shifts a day. Seven days a week. For nearly a century. Iconic KitchenAid® Stand Mixers have long been the appliance of choice for artisanal bakers. Best in class construction delivers extraordinary power, strength, and capacity. High-performance motors easily knead the stiffest bread dough. Ten adjustable mixing speeds allow you to whip up meringues without missing a beat. And with up to 6.9 L capacity, doubling or even tripling any batch of cookies will never be an issue.

Who hasn't wished for an extra helping hand during a breakfast or dinner time rush? The superior versatility of the KitchenAid® Hand Mixer is at the ready. Powerful, yet nimble, our hand mixers can easily whip up a creamy filling or sweet icing while your stand mixer has its beater busy. A more capable sous-chef doesn't exist anywhere.

For decades, the KitchenAid® Artisan® Stand Mixer has been a household staple and culinary icon. It's empowered throngs of epicureans and created a cult brand. With the launch of the new Artisan® Mini, there is now a smaller mixer that takes up less counterspace, is lighter in weight so you can easily move it around your kitchen and has the same iconic design and power as our other Tilt-Head stand mixers.

Features & Benefits

- MINI FOOTPRINT. MIGHTY POWER. - Though mini in size, the new Mini Stand Mixer can make up to 5 dozen cookies in it's 3.3 L stainless steel bowl. It is 20% smaller and 25% lighter*, making it the ideal culinary tool for smaller spaces and kitchens.
- VERSATILE KITCHEN COMPANION - For a range of sweet and savory recipes.
- 10 MIXING SPEEDS - For a slow stir to fast whip.
- SOFT START® - Helps to avoid ingredient splash and flour puff by starting at a lower speed.
- MULTIPURPOSE ATTACHMENT HUB - Easy usage with a wide choice of optional attachments.
- PREMIUM FINISHES - with chrome-plated knobs, convenient power cord location, elegant wrap-around trim band.
- COLORS YOU'LL CRAVE - From bold to understated, there's an Artisan® Mini to match both your kitchen and your style. Colors include Honey Dew, Hot Sauce, Matte Black.

Standard Accessories

6-WIRE WHISK
Used for incorporating air into eggs, egg whites, whipping cream and dips (such as mayonnaise).

KNOW YOUR STAND MIXER

Tilt Head Stand Mixer

- ✓ Twist-on bowl securing methods are ideal for residential Stand Mixers getting standard household use.
- ✓ This bowl securing method is standard on most residential mixing equipment.
- ✓ Head tilts back for accessing ingredients.
- ✓ Heavy Loads: When single and double batches are needed and large capacity processing.
- ✓ Twice a day use or less.

Bowl Lift Stand Mixer

- ✓ Arm and bracket securing methods is the most superior method of holding the bowl on high powered mixers. The arms provide a level of movement necessary for optimizing the life of the motor and mixer body during regular heavy batch processing.
- ✓ This bowl securing method is standard on most commercial mixing equipment.
- ✓ Bowl lowers and raises for accessing ingredients.
- ✓ Extreme loads: When more than a double batch is needed and semi professional to professional capacity processing.
- ✓ Long periods of use (3-8 hours daily).

STAND MIXER ATTACHMENTS

“Culinary delight is achieved by a mix of creativity, knowledge, a sense for harmony and the right tools.”
Since cooking is a process, we have turned the Stand Mixer into an irreplaceable “kitchen tool”- exactly what it was made for; allowing for a wide variety of accessories and attachments to simply be plugged in and ready to go. The Stand Mixer Accessories and Attachments increase cooking excellence while decreasing your work load.

FOOD GRINDER

For mincing and grinding meat, fish, vegetables, dried bread, firm fleshed fruits as well as cheese. Comes with a 4 blade self-sharpening, coarse and fine stainless steel grinding plates and food stomper or wrench.

FOOD PROCESSOR

ExactSlice™ System offers both versatility and performance that can slice, shred and julienne.

SLOW JUICER

Enjoy fresh, healthy juices by choosing from three filters to customise the amount of pulp in your juice. Great for making sauces and jams!

SPIRALIZER

Peel, spiralize, core and slice blades offers versatile cutting options. Easily creates fruits and vegetable spirals, ribbons and noodles.

ROTOR VEGETABLE SLICER AND SHREDDER

For slicing and shredding root and raw green vegetables, potatoes, cheese, various types of fruits, nuts and chocolate for toppings. Comes with medium, coarse shredding drums and a slicing drum.

PASTA CUTTER SET

Includes the lasagnette cutter for thick fettuccine or egg noodles and the capellini cutter for spaghetti and angel hair pastas.

RAVIOLI MAKER

Complements the pasta sheet roller of the KPRA set. For stuffing your favourite pasta with your favourite filling. Made of durable, chromed metal.

ICE CREAM MAKER*

Produces up to 1.9 L of soft consistency ice cream, sorbets or frozen desserts. Liquid within the double walls of this innovative freeze bowl provides thorough, even freezing throughout the mixing process.

*Fits all Stand Mixers except KSM7 models. For those models order KAICA

FRUIT AND VEGETABLE STRAINER

Must be used in combination with the FGA, for puréeing soft fruits and cooked vegetables. It strains the food to a purée and separates any pips, stems or skins.

CITRUS JUICER

For making fresh citrus fruit juices.

GRAIN MILL

For grinding wheat, oats, rice, corn, barley, buckwheat, millet and other low moisture, non oily grains. It can be adjusted to mill anything from flour to coarsely cracked grains. All metal construction.

PASTA ROLLER

Helps you guide sheets of just-made dough through to the desired thickness.

WATER JACKET

Perfect for when you're working with temperature-sensitive ingredients like butter for buttercream or whipping cream. Fits only 5KPM5, 5KPM50

GOURMET PASTA PRESS The pasta press comes with a combo tool, an accessory storage case, cleaning brush and set of 6 plates for making pasta of various lengths, widths and shapes. Each plate is composed of one metal frame and two plastic inserts.

* Does not fit on model 5KSM7990

SAUSAGE STUFFER

Must be used in combination with the FGA. It makes many varieties of sausages and comes with 2 tubes (10 mm and 16 mm).

FOOD TRAY

Can be used in combination with either the FGA or FVSP. For holding larger quantities of food for quicker, easier processing.

JUICER AND SAUCE ATTACHMENT

The Juicer and Sauce Attachment allows you to enjoy fresh, healthy juices on demand by turning your KitchenAid Stand Mixer into an efficient slow juicer. Harnessing the mixer's powerful motor, it extracts juice to your specification. Choose from three filters to customise the amount of pulp in your juice. Also great for making sauces and jams!

Features & Benefits

3 PULP SCREENS - The options are endless for low or high pulp juices, sauces and jams.

EXTRA WIDE FEED TUBE - For various sizes of soft, hard or leafy fruits and vegetables.

2 STAGE SLOW JUICING TECHNOLOGY - Slices then processes fruits and vegetables for less prep work.

EASY TO USE - Attaches to the power hub on your Stand Mixer and uses the power of the motor to operate the juicer.

DISHWASHER SAFE - All the accessories are dishwasher safe for easy clean up.*

STORAGE CASE - A handy storage case is provided to keep your pulp screens in one place.

STANDARD INCLUSIONS - 3 Pulp Screens (Low.High.Sauce) | Juice Container | Pulp Container | 2-in-1 wide feed tube and dual food pushers | Auger/blade assembly | Screen/juicing bowl wiper basket | BPA-free juicing bowl | Screen storage case | Cleaning Brush

*Juicer and Sauce Attachment cannot be immersed in water or other liquids.

FOOD PROCESSOR ATTACHMENT

The Food Processor Attachment with ExactSlice™ System offers both versatility and performance, turning your KitchenAid Stand Mixer into a continuous flow food processor that can slice, shred and julienne. Whether preparing for a family meal or a large group, the compact Food Processor Attachment will make food preparation a breeze.

Features & Benefits

EXCLUSIVE EXACTSLICE™ SYSTEM - External adjustable blade control slices from thick to thin with one slide of the lever.

REVERSIBLE SHREDDING DISC - It provides two options for fine and coarse shredding of vegetables and chilled hard cheeses.

JULIENNE DISC - The versatile julienne disc saves time and effort by making matchstick strips for salads and garnishes.

2 IN 1 FEED TUBE - Accommodates foods of different shapes and sizes. Simply place a large bowl under the chute for quick processing of larger quantities.

STORAGE CASE - A compact storage case to keep your accessories in one place.

DISHWASHER SAFE - All the accessories are dishwasher safe for easy clean.*

STANDARD INCLUSIONS - Reversible Shredding Disc | Julienne Disc | Externally Adjustable Slicing Disc | 2-in-1 wide mouth feed tube | Cleaning tool | Storage Case

*Food Processor Attachment cannot be immersed in water or other liquids.

SPIRALIZER ATTACHMENT

Premium metal construction spiralizer attachment with peel, spiralize, core and slice blades offers versatile cutting options. The perfect companion for healthful eating, the spiralizer easily peels and creates fruits and vegetable spirals, ribbons and noodles that add interesting texture and flavours to any meal.

Features & Benefits

NINE COMBINATIONS OF SPIRALIZING, SLICING, PEELING AND CORING - To inspire culinary and nutritional creativity.

EASY TO USE - Simply attach to the multipurpose attachment hub for stable, hands free use. Designed to work with all models of KitchenAid Stand Mixer.

EASY TO CLEAN - Designed for easy cleanup after use. Accessories are dishwasher safe, top shelf only. Main body should be cleaned with a warm, damp cloth.

CONVENIENT STORAGE CASE - Provides organization of the unit and accessories.

STANDARD INCLUSIONS - Fine spiralizing blade | Medium spiralizing blade | Spiral slicing blade with 12 mm corer | Spiral slicing blade with 23 mm corer | Peeling blade | Fruit and vegetable skewer
Convenient storage case

Used for normal to heavy mixtures, such as cakes, frostings, cookies and mashed potatoes. The flexible edge design guarantees faster mixing, without stopping the motor and using a spatula. Coated metal with a silicone side. Dishwasher safe.

2.8 L AND 4.8 L BOWL*

Complements the standard 4.8 L bowl and is utilized for mixing smaller quantities. 2.8 L bowl can be fitted onto the 4.8 L Tilt Head Stand Mixer.

Both bowls are made of polished stainless steel.

Dishwasher safe.

4.8 L CLEAR GLASS BOWL

Easy to read ingredient quantity marks moulded into the side of the bowl. Delivered with a silicone lid. Mixing bowl is made of durable, sturdy glass. Dishwasher, freezer and microwave safe.

7 SPEED HAND MIXER 5KHM720

Power: Versatility. All in the palm of your hand. KitchenAid Hand Mixers bring the whisk to where the action is. Intuitive design features, like Clean Touch Control Pad, keep the kitchen chaos from spreading. Adjusting speeds is now as tidy and simple as a press of a button. With the KitchenAid Hand Mixer, you'll be able to conquer it all, we might add, with one hand tied behind your back.

Features & Benefits

- CLEAN TOUCH™ CONTROL PAD - Allows you to increase or decrease mixing speed at the touch of a button.
- SOFT-START ELECTRONIC CONTROL - Prevents splattering of ingredients.
- ELECTRONIC MIXING SENSOR - Automatically adjusts mixing speed to the resistance of the load, to maintain smooth and consistent operation.
- 7 MIXING SPEEDS - Allows precise control when mixing. Included are three slow stir speeds and one high whip speed that offer versatility when preparing your favourite recipes.
- BEATER EJECTOR BUTTON - Easily and quickly remove any accessory from the Hand Mixer with the single-handed press of a button.
- LOCKABLE SWIVEL CORD - Lock the cord into either the left or right side of the mixer so you can approach ingredients from any angle. The round cord is easy to wipe clean.

Standard Accessories

2 STAINLESS STEEL TURBO BEATERS
To make cookie dough and batter.

LONG LIQUID BLENDER ACCESSORY
To make smoothies, milkshakes, sauces and salad dressing.

COTTON STORAGE BAG
To store all the accessories.

Fresh and Healthy

Refresh and rejuvenate your body with the KitchenAid 'Fresh and Healthy' Range. Blending and juicing of fresh ingredients from the local farmers market and turning it into a flavourful delight for your palate and health booster for your body will now be easier than ever. From green smoothies to health soups, pulpy juices to tangy sauces, KitchenAid provides you with a range of personal fitness trainers to your counter-top.

Named after its faceted jug design and intensely durable construction, the Diamond Blender is particularly suited to hot liquids and thick sauces that are blended to perfection in an innovative vortex design. Able to handle any ingredient, the stainless steel tri - blade means you can confidently crush ice cubes, puree soft fruits or blend extra - thick milkshakes, delivering silky smoothness every time. Looking to make food preparation easier than ever? Look at the KitchenAid Diamond Blender.

Features & Benefits

- THE DIAMOND BLENDING SYSTEM - The patented* stainless steel blades and diamond-shaped pitcher create a powerful vortex for fast and thorough blending results
- IINTELLI-SPEED® MOTOR CONTROL - Senses contents and maintains optimal speed to power through all ingredients
- THE SOFT START® FEATURE - Starts the motor at a slower speed to pull food into the blade for optimal results
- THE LARGE 1.75 L BPA-FREE DIAMOND PITCHER - Design is shatter-, scratch- and stain-resistant. BPA - free plastic ensures food safety, even for baby foods
- STURDY DIE CAST METAL BASE - Robust, stable and built to last
- CLEAN TOUCH CONTROL PAD WITH SMART SYMBOLS - Wipes clean easily.

*U.S. patents pending.

STAY PUT LID WITH INGREDIENT CUP - Practical, steadfast and helps to measure and add ingredients easily.
COMPACT DESIGN - Single jar, standing design takes less space on the kitchen counter.

Functions

- Hot Foods | Auto Stop | Special Hot Foods button with “Soft Start” feature starts very slowly then quickly increases speed for safe blending without splashing and a smooth velvety finish.
- Crush Ice | Auto Stop | Pulses at precise intervals for optimal ice crushing. Turn hard ice into snowy consistency in seconds.
- 4 Speeds
 - Chop
 - Mix
 - Puree
 - Liquify
- Pulse | Works with all speeds, giving greater control over texture and results.

ARTISAN POWER PLUS BLENDER WITH THERMAL CONTROL JAR 5KSB8270

KitchenAid, long known for the power, durability and eye-catching design of its iconic countertop appliances, is introducing a new high performance blender with the most power in its class. The new KitchenAid Artisan Power Plus Blender features a powerful 3.5 Peak HP motor with an added convenience of a dual-wall Thermal Control Jar that quickly heats blended ingredients in as little as five minutes, stays cool to the touch, and retains the temperature for hot soups and sauces.

Features & Benefits

- THE MOST POWERFUL* BLENDER - The Artisan Power Plus blender’s powerful 3.5 Peak HP motor, patented asymmetric blade & jar work together to create a powerful vortex to blend even the toughest ingredients.
- TALON™ ASYMMETRIC STAINLESS STEEL BLADE - The 3mm thick hardened stainless steel blade easily powers through dense, tough ingredients and helps blend at 4 different angles to pull ingredients into the blade, ensuring a thorough blend.
- EXCLUSIVE DISHWASHER-SAFE BPA-FREE DUAL WALL THERMAL CONTROL JAR - BPA Free Eastman Tritan jar has 2.5 L capacity (1.6 L marked capacity)and is engineered to blend and heats from cold ingredients soup in only five minutes and retains hot temperature longer while the outside stays cool to the touch.

- 11 + VARIABLE SPEEDS - Offers Precision Power Dial which gives continuous variable speed from 1-11, for complete control from low to high speeds.
- SELF CLEANING CYCLE - Easy cleaning with the pre-set cleaning cycle
- PRE-SET ADAPTI-BLEND™ RECIPE PROGRAMS - 3 programs (Soup, Smoothie and Juice) each with a unique algorithm of varying speeds, designed for ideal results:
 - Juice program runs for 70 seconds and is ideal for blending liquid with fresh fruits and vegetables
 - Smoothie program runs for 40 seconds and is ideal for fresh or frozen fruits and vegetables blended with liquid and ice
 - Soup program runs for 5 minutes and is designed for use with the Thermal Control Jar allowing you to heat soup fast and retain hot temperature longer.
- UNIQUE FLEX EDGE TAMPER - Assists with large quantities or ultra-thick blends. The Flex Edge tamper pushes ingredients into the blending vortex and scrapes the sides of the jar so everything is blended evenly. And when finished, it helps get more of the contents out of the jar so there’s less waste.
- COMMERCIAL - GRADE DURABLE DIE-CAST METAL BASE, DIAL AND SWITCHES - Built for stability and long-lasting performance. Premium quality design is durable and easy to clean.
- STABILIZER JAR PAD - Wraps around the jar for stability and the silicon reduces noise and vibration. Removable for easy cleaning.
- DIE CAST METAL INGREDIENT CAP - Easily measure and add ingredients as you blend.
- SECURE VENTED LID - Secure fit to minimize spills & vented lid for blending hot ingredients.
- SILICON HANDLE GRIP - Gives a comfortable hold & grip for ultimate control. Removable and dishwasher safe.
- STEEL COUPLER - Added durability for prolonged blender life.
- STACKABLE JAR - For easy storage.

ARTISAN POWER BLENDER 5KSB7068

The new KitchenAid® Artisan Power Blender features a powerful 3.5 Peak HP motor that quickly blends all your ingredients to perfection for your juices, smoothies, chutneys and more! It features variable speeds from 1-11, plus PULSE and BOOST that gives you better control over the consistency of your blending. For easy use and care, we have a Self Clean Mode too.

Features & Benefits

- POWERFUL 3.5 PEAK HP MOTOR** - Powers and blends quickly and easily through tough ingredients, like frozen fruits and fibrous, nutrient-dense vegetables, for smoother results
- 11 SPEEDS PRECISION POWER DIAL, PULSE/BOOST OPTIONS
- Offers continuous variable speed control from 1-11, from low to high speeds, to meet all recipe’s specific needs.
- 2.6 L BPA-FREE DISHWASHER-SAFE GRADED JAR WITH SOFT TOUCH REMOVABLE HANDLE GRIP, AND VENTED LID WITH REMOVABLE INGREDIENT MEASURING CAP - Designed and engineered to further optimize the blender’s performance. Comfortable hold, easily measuring and adding ingredients while blending

- UNIQUE FLEX EDGE TAMPER - For large or ultra thick blends
- Pushes the ingredients into the blending vortex and scrapes the sides of the jar for even blending
- PREMIUM DIE-CAST METAL BASE, PRECISION POWER DIAL AND SWITCHES - Sturdy, stable, durable and easy to clean
- ASYMMETRIC STAINLESS STEEL BLADE*** - Blends at 4 different angles to pull ingredients into the blending vortex for smooth, consistent and exceptional results. Allows for blending large and tough ingredients, like whole fruits and vegetables
- PRECISION POWER DIAL - With continuous variable speed from 1-11, plus PULSE and BOOST for all your blending needs.
- SELF-CLEANING CYCLE - Makes cleaning your blender jar fast and easy. Or, you can wash all removable parts in the dishwasher.

***Patented blade in U.K. and Germany

It's time to get excited with the KitchenAid Artisan Deluxe Hand Blender. Perfectly weighted with a rubber hand stick grip, it powers through any culinary task, whether it's blending, mincing, chopping, whipping, pureeing or frothing. With five speeds and five attachments, it's perfect for small daily jobs that require a quick, smooth and uniform result.

Features & Benefits

- POWERFUL 5 SPEED MOTOR - Powerful blending, chopping, whipping in the palm of your hand.
- 5 ATTACHMENTS - Blend/Puree, Chop/Shred, Froth/Mix and Whisk/Emulsify/Aerate. Easily blend smoothies, puree baby food, froth cappuccinos, chop vegetables or whisk egg whites with greater control.
- INDUSTRY'S FIRST INTERCHANGEABLE BELL BLADES - No tools required. Simply twist on and off to change from one blade to another.
- 20 CM IMMERSION DEPTH - Blend easily in any deep pot, bowl or jug.
- PATENTED DESIGN PAN AND BLADE GUARDS - The pan guard helps prevent scratching of cookware and the blade guards protect the blades when not in use.
- 600 ML BPA-FREE CHOPPER - The sharp blade makes light work of small chopping jobs.
- WHISK ATTACHMENT - For whisking, emulsifying and aerating.
- 1L BPA-FREE JUG - Easily blend, serve and store in one container. Includes no-splash lid and non-skid base.

- 1.5 M POWER CORD - Move throughout the kitchen with ease.
- STORAGE CASE - Keeps accessories organised and protected.

STAINLESS STEEL

PRO LINE® 5-SPEED CORDLESS HAND BLENDER 5KHB3581

“Where simplicity meets sophistication.”

Streamlined and powerful, the Cordless Hand Blender is a busy cook's dream: this is a handy, rechargeable blender, free of wires. A whirlwind of activity in the kitchen? No problem. Briskly dance from dish to dish, enjoying the freedom and creativity of wireless blending.

Features & Benefits

CORDLESS HAND BLENDER WITH RECHARGEABLE 12 V LI - ION BATTERY - No wires, for greater freedom

3 INTERCHANGEABLE STAINLESS STEEL BLADES WITH REMOVABLE PAN GUARD - Allows for crushing, blending, chopping and frothing without damaging cookware

POWERFUL 5 SPEED DC MOTOR WITH LED INDICATOR - Quiet and efficient performance while in use; LED indicator displays speed.

ERGONOMIC DESIGN WITH REAR HOOK - Easy to handle, convenient hanging storage

USEFUL STORAGE CASE FOR ATTACHMENTS - Store accessories safely and conveniently

2 TWIST-LOCK STAINLESS STEEL BLENDING ARMS (20 AND 33 CM) - For use even in deep pots or pitchers.

CHOPPER, WHISK AND 1 L BPA FREE PITCHER - A range of extras helps expand your culinary prowess and possibilities.

Standard Accessories

12V LI-ION BATTERY & CHARGER

This rechargeable battery, when fully charged, provides 6 hours and more of high performance blending.

S-BLADE

Use for blending, crushing, pureeing, preparing smoothies, milkshakes, cooked vegetables, soups, baby food, frostings and crushing ice.

STAR BLADE

Use for shredding cooked meats and mincing.

FROTHING BLADE

Use for frothing milk (frappes, cappuccino) and mixing cake, pancake or muffin batter.

PAN GUARD

Snap the pan guard onto the interchangeable bell blades to protect your cookware during use.

3 BELL GUARDS

Protect the interchangeable bell blades when not in use.

REMOVABLE 8" & 13" BLENDING ARMS

Use for blending ingredients in deeper pots or pitchers, even while cooking.

WHISK

Use for whisking, emulsifying and aerating egg whites, mayonnaise, vinaigrette and mousse.

CHOPPER (600 ml)

Perfect for small chopping jobs, like herbs, nuts, and vegetables. Chopper includes a bowl, blade and chopper adapter.

GRADUATED PITCHER WITH SPECIAL LID

1 L BPA-free (safe plastic) pitcher with a convenient handle and no-splash lid.

STORAGE CASE

Keeps accessories organized and protected.

The KitchenAid® Maximum Extraction Juicer (Slow Juicer) gives you more juice with less prep work, featuring a patented* two stage blade and auger system and wide chute. This juicer also comes with 3 pulp screens for low pulp, high pulp and saucing. Perfect for hard, soft or leafy fruits and vegetables.

Features & Benefits

- TWO STAGE SLOW JUICING TECHNOLOGY WITH STAINLESS STEEL PRE-SLICING BLADE AND AUGER ASSEMBLY - For maximum extraction of juice with less prep work and less foam.
- 2 IN 1 EXTRA WIDE FEED TUBE WITH HOPPER - Accommodates various sizes of soft, hard or leafy fruits and vegetables while reducing pre cutting.
- THREE PULP SCREENS: LOW PULP, HIGH PULP AND SAUCING / JAMS - Choice of pulp preference for a wide variety of foods like smooth herb and vegetable juices, savoury coulis, thick fruit purées, and sweet jams.
- OPTIMIZED SLOW JUICING SPEED WITH REVERSE FUNCTION - Juice anything from herbs to fruits and vegetables. Reverse speed for unclogging food during the extraction.
- PREMIUM DIE CAST METAL CONSTRUCTION AND STYLISH COMPACT DESIGN - Sturdy, stable and easy to clean.

Standard Accessories

2 IN 1 WIDE FEED TUBE AND FOOD PUSHER
For a wide variety of fruits and vegetables.

1 L JUICING BOWL
Made out of BPA free plastic.

SCREEN HIGH PULP
Leaves more pulp for a thicker juice. Made out of polished stainless steel.

SCREEN / JUICING BOWL WIPER BASKET
Wipes the screen non stop in juicing bowl while in use to produce juice without clogging. Red wiper blades are made out of flexible rubber.

SCREEN LOW PULP
Leaves less pulp for a more convenient juice to drink. Made out of polished stainless steel.

SCREEN SAUCING / JAMS
Made out of polished stainless steel.

Culinary

Memorable meals are built one, perfectly-prepared ingredient at a time. Hence, the need for the proper tools come mealtime. KitchenAid helps you lay a solid foundation to any plate with a line of Food Processors. Meticulous tomato slices, making home made nut butter, or dressings for a crowd, perfection is always the order of the day. And what's inside the KitchenAid line of small appliances is just as impressive as the results.

Technological firsts abound, such as the revolutionary KitchenAid® 14-cup Food Processor allows you to adjust slicing, from thick to thin, with the slide of a lever. No doubt, with KitchenAid technology at the ready, it's never been easier to construct the perfect plate for any occasion.

“One touch. Two speeds. Precise results.”
The 3½ cup (850 ml) Food Chopper with BPA Free bowl and lid is ideal for chopping nuts, basil or garlic and pureeing cooked vegetables for baby food. Add olive oil directly through the lid to create a perfect pesto without the mess.

Features & Benefits

- 3.5 CUP (850 ML) BPA FREE CHOPPER BOWL - A BPA free (safe plastic) cup which helps expand your culinary prowess and possibilities.
- 2 SPEEDS
 - SPEED 1 - CHOP
 - SPEED 2 - PUREE
- Chop tough nuts or puree vegetables for baby food with ease.
- DOMED LID WITH WET INGREDIENTS ADDER - Add liquids at a perfect flow rate, without the mess.
- DESIGNED FOR PRECISE CHOPPING - Razor sharp stainless steel blade makes quick work of meats, fruits, vegetables and nuts.
- DISHWASHER SAFE COMPONENTS - The food chopper is dishwasher safe for easy clean.
- ERGONOMIC DESIGN - Easy to handle.

3.3 L FOOD PROCESSOR 5KFP1444

The 3.3 L KitchenAid Food Processor is designed for life’s cooking challenges in all their glory. It’s a reliable helper that cooks adore as it turns ‘sophisticated’ into ‘simple’. This is our most versatile and complete food processor: for professional results consider it as your personal knife master to slice, chop, grate, purée and blend. Discover the key to delicious, good looking, food full of texture and flavour. The 3.3 L Food Processor; showcases your chef abilities.

Features & Benefits

- EXACTSLICE SYSTEM - ADJUSTABLE SLICING DISC WITH FIRST EVER EXTERNAL LEVER - Adjusts easily, slices from thick to thin.
- REVERSIBLE SHREDDING DISC & JULIENNE DISC - Shred cheeses or vegetables to coarse or fine consistencies and make matchstick strips for salads and garnishes.
- 3 IN 1 ULTRAWIDE MOUTH FEED TUBE - Fits all sizes for both horizontal and vertical slicing.
- UNIQUELY DESIGNED SHARP BLADES AND TWO OPTIMIZED LOW AND HIGH SPEEDS - Precise, accurate slicing for soft or hard foods and pulse for process intervals.
- LID WITH AN ULTRATIGHT SILICONE SEAL - Helps prevent mess, and ensures no leaking or spillages of liquids or flour.
- DIE CAST METAL CONSTRUCTION - Robust, stable and built to last. High performance induction motor is reliable, powerful and quiet.

Standard Accessories

3.3 L WORK BOWL & 950 ML MINI BOWL
Two different sized work bowls let you conveniently process food uninterrupted. The bowls stack inside one another for easy storage.

EXTERNALLY ADJUSTABLE SLICING DISC
Easily slices from thick to thin with 6 different settings (from 1 - 6 mm), without having to remove the blade assembly or the cover, even while the food processor is running.

3 PIECE FOOD PUSHER
Three pushers seamlessly fit inside each other enabling you to process different sizes of food.

STORAGE CASE
The storage case organizes and protects each food processor blade in a custom fit compartment.

DISCS
REVERSIBLE SHREDDING DISC
Shreds cheeses or vegetables on either side to coarse or fine consistencies with 6 different settings.

JULIENNE DISC
Makes matchstick strips for salads and garnishes.

BLADES
MINI MULTIPURPOSE BLADE
MULTIPURPOSE BLADE

Perfect tools for mincing, chopping, mixing, pureeing. Use the Mini blade in the Mini Bowl for small quantities (herbs, nuts, pesto, baby food) and the main multipurpose blade in the work bowl for large batches.

DOUGH BLADE*
Knead all types of yeast dough (bread, pizza, brioche).

*Dough blade only in the larger bowl .

SPATULA
Special shape facilitates food removal from bowls, discs and blades.

Coffee and Breakfast

Toasting bread isn't exactly the most complex culinary challenge but, achieving even browning time after time—now, that takes ingenuity.

Contrary to perfect toasting, brewing great-tasting coffee is a complex puzzle of chemistry, physics and engineering. Get personalized coffee for your taste buds every single morning, all at the touch of a button with the KitchenAid Craft Coffee Brewers.

PERSONAL COFFEE MAKER 5KCM0402

Perfect coffee is not brewed. It's engineered. Proper coffee grinding preserves coffee flavour. KitchenAid has researched and revolutionized the entire process. What all that science translates to is this: Great tasting coffee every single morning, all at the touch of a button.

Features & Benefits

- EASY ONE-TOUCH BREWING SYSTEM - One-touch brewing makes brewing a cup of coffee quick and easy, just add the water and your favorite coffee, place the included thermal mug or any coffee mug under the drip and press the ON button to begin brewing.
- OPTIMIZED FILTER BREWING TECHNOLOGY WITH ELECTRONIC TEMPERATURE CONTROL - Provides hot water at a consistent temperature for extraction and better coffee taste.
- 540 ML THERMAL TRAVEL MUG - Allows coffee to be brewed into most cups, and mugs, to make a perfect coffee on the go.
- REMOVABLE TOP LOAD WATER TANK - The removable water tank can be conveniently filled with fresh water.
- REMOVABLE PERMANENT FILTER - Eliminates the need for paper coffee filters.

Standard Accessories

PERMANENT FILTER
This high performance filter eliminates the need for paper coffee filters. Made out of stainless steel mesh plated with gold. Can be washed in the top rack of a dishwasher.

REMOVABLE BREW BASKET
Holds either paper coffee filters or the permanent filter. Made of BPA free plastic. Can be washed in the top rack of dishwasher.

THERMAL TRAVEL MUG
Features a comfortable soft grip and brushed stainless steel body. Capacity 540 ml. Not dishwasher safe.

REMOVABLE WATER TANK
Capacity 480 ml. It is recommended that the tank be hand washed.

Technical Specifications

Wattage	580 - 700 W
Voltage	220 - 240 V
Frequency	50 / 60 Hz

SIPHON COFFEE BREWER 5KCM0812

Perfect coffee is not brewed. It's engineered. Proper coffee grinding preserves coffee flavour. KitchenAid has researched and revolutionized the entire process. What all that science translates to is this: Great tasting coffee every single morning, all at the touch of a button.

Features & Benefits

- AUTOMATED FULL IMMERSION SIPHON - Brewing through precise temperature and vacuum technology.
- BREW UNIT STAND - securely holds brew unit in place once brewing is complete.
- BRIGHT, RICH FLAVOR with a clean finish.
- PREMIUM GLASS CONSTRUCTION with stainless steel accents.
- MAGNETIC LOCKING SEAL securely fastens the brew unit and carafe together.
- LARGE 1L CAPACITY - Brews upto 8 cups at a time.
- CARAFE WITH SOFT-TOUCH HANDLE AND ON/OFF SWITCH WITH WHITE LED- ON- INDICATOR LIGHT - Carafe has markings on the side and is made out of premium glass.
- EASY TO CLEAN - reusable stainless steel filter. The carafe neck is wider than most manual siphon coffee necks, making cleaning easier.
- CLEANING BRUSH & COFFEE SCOOP - in one multifunctional tool.
- CORD WRAP - for convenient storage.

Standard Accessories

BREW UNIT STAND
Securely holds the brew unit in place once brewing is complete.

CLEANING BRUSH & COFFEE SCOOP
in one multifunctional tool.

REUSABLE STAINLESS STEEL FILTER
Stainless steel filter is easy to rinse clean and no disposable filters required. A cloth filter is also included for a lighter body cup of coffee.

DUAL PURPOSE LID
Sits on the top of the unit when brewing coffee and can also be attached to it's carafe for pouring.

Technical Specifications

Wattage (Input)	1440 W

The new KitchenAid® Pour Over Coffee Maker combines the flavor and control of the manual pour over process with the programmability and convenience of a traditional coffee maker. This Pour Over Coffee Maker heats and steeps in the pour over style, delivering maximum flavor extraction.

Features & Benefits

- AUTOMATED POUR OVER COFFEE TECHNOLOGY is not like that of a drip coffee maker. Unlike drip coffee makers that continuously flood the brew basket, the new KitchenAid® Custom Pour Over Brewer precisely heats and pulses the flow of water, steeping in the same manner as the manual pour over process, allowing the grounds to “bloom”. The result is bright, clean and full flavored coffee without diluting due to over-soaking.
- UNIQUE HEATING TECHNOLOGY - Heats the water to the optimal range of 200°F at the top of the brewer and therefore minimizes heat loss during the extraction process.
- 24 HOUR PROGRAMMABILITY - Ensures that coffee can be ready at a precise time, day or night.
- FLAVOUR PROFILE - Mimics barista craftsmanship of gentle pour over extraction for a clean and bright cup of coffee.
- PROGRESS BAR - displays each step of the brewing process, from heating the water, to pouring over the coffee and then steeping.

- ROAST SELECTOR - With one touch medium and dark roast settings allows you to taste all the subtleties and flavor within these different roasts.
- 1.18 L CUP SELECTOR - To select 2-8 cups of true pour-over style coffee.
- BREW BASKET CLIP - Holds filter in place and provides specific dosage recommendation for desired number of cups.
- CORD WRAP - For convenient storage.

Standard Accessories

The SCAA is the Specialty Coffee Association of America, a non-profit trade organization and world-recognized leader in coffee knowledge development. For over 30 years, the SCAA has been dedicated to recognizing, developing and promoting specialty coffee by setting and maintaining quality standards for the industry.

HOW DID KITCHENAID® POUR OVER COFFEE BREWER BECOME SCAA CERTIFIED?

The SCAA recognizes home brewers that meet its longstanding rigorous technical requirements: Ability to brew within the SCAA Gold Cup recommendations, Proper water temperature and Brewing time. The KitchenAid® Pour Over Coffee Brewer is recognized as an exemplary home brewer, joining the short list of SCAA Certified Brewers.

Pour Over Brewing Technology

Experience the perfect start to every morning with the KitchenAid Toaster. A one touch control raises and lowers bread on demand, Crumpet and Defrost buttons toast everything just the way you want and a Keep Warm button keeps toast warm until you're ready without additional browning.

Preparing deliciously golden toast and crumpets is easier than ever with the 2 Slot Automatic Toaster. The motorised lift button gently lowers and raises your bread, and the blue LCD display keeps track of your personal settings, so you can enjoy your toast just the way you like it, every morning.

Features & Benefits

- ONE TOUCH CONTROL - Raises and lower bread, even in the middle of a cycle.
- 7 SHADE SETTINGS - Turn the Shade Control to the right for darker toasting or to the left for lighter.
- EXTRA WIDE 3.8 CM SLOTS - Handles the thickest crumpets, breads or pastries.
- SELF CENTERING BREAD RACKS - Centres thick or thin breads for even toasting.
- LED DISPLAY - Remembers the last shade and function setting, so everything toasts the same way every time.
- ALL METAL CONSTRUCTION - Durable with a sleek design.

MULTI - FUNCTION BUTTONS

- KEEP WARM: Keeps toasted foods warm for up to one minute.
- BAGEL: Toasts the cut-side of a bagel while gently warming the outer surfaces.
- DEFROST: Defrosts and toasts frozen food.
- REHEAT: Quickly reheats previously toasted food.
- TOAST / CANCEL: An easy way to start or cancel toasting at any point.

PRO LINE 2 SLOT AUTOMATIC TOASTER 5KMT2204

Greeting the morning with a golden toast is one of life’s most enjoyable simple pleasures. Late at night, a melting savoury cheese sandwich can be an indulgent moment of sustenance. The Pro Line Toaster truly offers the ultimate toasting experience: the Auto Sensor automatically lowers and lifts all types of toast before browning according to seven grades of “golden”, counted down by an LED timer. Like a thoughtful friend, if you’re called away, the Pro Line Toaster will also keep your toast warm. If the kitchen is the heart of the home, our Pro Line Toaster will be the heart of your kitchen.

Features & Benefits

- AUTO SENSOR WITH KEEP - WARM FEATURE - Initiates 45 seconds after the toasting cycle is complete and it automatically lowers or lifts toast for up to 3 minutes.
- 7 SHADE SETTINGS WITH LED COUNTDOWN TIMER - Choose and monitor your browning preference.
- SANDWICH FUNCTION WITH SANDWICH RACK - Prepares delicious, no drip toasted sandwiches.
- FROZEN FUNCTION - Gently defrosts and toasts frozen bread.
- BAGEL FUNCTION - Perfect for bagels and buns: toasts the inside, warms the outside.
- EXTRA - WIDE SLOTS WITH AUTOMATIC SELF - CENTERING RACKS - Allows you to easily toast bread, bagels and English muffins upto 2.8 cm thick and ensures even heating of thin or thick breads.
- DIE CAST METAL CONSTRUCTION - Robust and stable.
- REMOVABLE CRUMB TRAY - The removable crumb tray slides out for quick removal of crumbs. Hand-wash only.

Standard Accessories

PRO LINE 1.5 L ELECTRIC KETTLE 5KEK1522

The act of stopping for a moment to chat around a comforting warm drink is a ritual that accompanies us through life. In a vibrant red colour and with a curvaceous, inviting design, the Dual Wall 1.5 L Kettle is also generous in features. Adjust the temperature range to suit your infusions: nicely warm for delicate green tea or hot for coarse Assam. The dual wall cavity keeps water hotter for longer and the kettle cooler to the touch. A pop of colour in the kitchen, the 1.5 L Kettle is always ready for the next conversation.

Features & Benefits

- SMOOTH, ROUNDED DESIGN WITH 1.5 L CAPACITY - Boils large quantities of water, a stylish addition to any kitchen.
- DUAL WALL CONSTRUCTION - Better insulation keeps water hotter longer, reduces noise and is cooler to the touch.
- ADJUSTABLE TEMPERATURE, FROM 50°C TO 100°C - Allows you to select the exact temperature you desire for your preparations: hot for drinks, boiling for stocks.
- TEMPERATURE GAUGE - Provides a precise temperature read even when the kettle is removed from the base.
- WATER LEVEL GAUGE - Fill and instantly gauge the desired water for heating.
- METAL CONSTRUCTION WITH SOFT TOUCH HANDLE - Robust, stable and easy to grip.

Kitchenware

We continue to go above and beyond by offering a complete line of culinary essentials, such as cookware, bakeware, non electric kettles and tools & gadgets. Heavy-gauge stainless steel cookware and essential tools & gadgets that are a pleasure to hold make KitchenAid® Culinary Tools a leader in the industry. In your kitchen, these products deliver the same standards of superior performance, style, and long-lasting durability that KitchenAid brings to the countertop—and countless new outlets to express your creativity at the table.

PROFESSIONAL HARD ANODIZED NONSTICK COOKWARE

As one of the easiest and most popular ranges to cook with, the KitchenAid Professional Hard Anodized Cookware is a kitchen investment worth making. Thanks to the three-layer, nonstick construction, this collection is incredibly durable, lightweight and heat efficient.

Features & Benefits

- 3-LAYER NONSTICK INTERIOR - The extra durable interior coating provides labour-saving cleaning and long-lasting nonstick performance.
- STAINLESS STEEL BASE - Suits all cooktop surfaces, including induction.
- PROFESSIONAL GRADE 5.5MM HARDENED ALUMINIUM - Provides even and efficient heat distribution.
- BRUSHED STAINLESS STEEL HANDLES - Riveted for strength and cool to the touch.
- DOMED, TEMPERED GLASS LID - Lets you monitor cooking at a glance.
- DISHWASHER DURABLE FINISH - For easy cleaning.
- OVEN SAFE - Up to 260°C.
- PFOA FREE

Product Range

10-PIECE SET

- Includes
- 20 cm Skillet, 25 cm Skillet
 - 1.5 L Saucepan with lid
 - 2.8 L Saucepan with lid
 - 7.6 L Stockpot with lid
 - 3.3 L Sauté with lid

With Stainless Steel cookware, you're assured superior performance and durability in any kitchen. The KitchenAid Tri-Ply Stainless Steel Cookware offers exceptional features such as three layer design for even heating, is dishwasher safe and suitable for oven temperatures up to 260°C.

Features & Benefits

- 3-LAYER DESIGN PROVIDES EFFICIENT EVEN HEATING** - The layers include: 18/10 stainless steel interior (for durability and easy cleaning), aluminium core and a 18/0 stainless steel exterior (for a stunning mirror finish).
- STAINLESS STEEL BASE** - Suits all cooktop surfaces, including induction.
- ETCHED MEASUREMENT MARKINGS** - Makes it easy to measure quantities for soup and sauce recipes.
- WELDED STAINLESS STEEL HANDLES** - Cool to the touch and make cleaning trouble-free.
- DOMED, TEMPERED GLASS LID** - Lets you monitor cooking at a glance.
- HIGH PERFORMANCE 3.0MM GAUGE** - Throughout for even heat distribution from the base to the walls of the pan.
- DUPONT'S TEFLON® PLATINUM PLUS** - On nonstick surfaces.

BAKEWARE

To make your baking experience a unique and pleasurable one, KitchenAid offers you a wide range of bakeware designed in close cooperation with renowned international chefs. From pies to muffins, casseroles to cupcakes, bread to pizza, KitchenAid bakeware allows the job to be done delightfully. The durable, high performance bakeware metal made of a professional-weight steel base resists chipping, scratching and staining and is designed to ensure perfect results with every mixture. The heat-conducting aluminium surface creates the best browning effect of any mixture and is oven safe up to 230°C.

Features & Benefits

- DURABLE PROFESSIONAL WEIGHT ALUMINISED STEEL - Commercial-grade 0.8mm aluminised steel resists rusting and temperatures up to 230°C while providing even heating for optimal baking.
- ILAG NONSTICK ULTIMATE FINISH - A professional coating for the serious baker providing excellent abrasion resistance and the PFOA & PTFE free three-coat nonstick system provides long lasting performance and ensure baked goods release easily.
- FOLDED DESIGN - Squared corners and reinforced rims enhances strength and resistance to warping for professional results.
- DISHWASHER SAFE - Makes clean up a breeze.
- FREEZER AND REFRIGERATOR SAFE

More barbecue and no more finger burns; special clip to adjust the width between the tongs

MEZZALUNA CHOPPER

Chop away your herbs

5PC. MIXING SET

Includes a set of measuring cups, measuring spoons, utility whisk, silicone spatula and a silicone pastry brush

PROFESSIONAL SERIES CUTLERY

Get the edge you need in your kitchen. The KitchenAid® Cutlery has cutting-edge design and German Stainless Steel, making them the perfect knives for culinary greatness. The KitchenAid Cutlery Collection makes chopping, peeling, filleting, slicing, cutting and sharpening an easy and enjoyable experience. Expertly crafted to be enduring, and ultra sharp — this cutlery collection has serious chops.

Features & Benefits

TRIPLE RIVET HANDLE - The grip is constructed from highly pressurized layers of non-porous material like fiberglass, making it exceptionally enduring. They are ergonomically engineered — for superior hand control, comfort and stability for agile performance.

ICETEMP HARDENED BLADE - The molecular structure of each blade is decisively reinforced for uncompromising durability, flexibility and edge-to-edge performance. It means each knife remains razor sharp longer than other steel. The ice-hardening process also helps make the knives safer by preventing the blades from breaking.

JEWELSTEEL RIVETS - Polished stainless steel rivets adorn the handles, reinforcing and strengthening each handle's seamless fit over it. The center rivet is purposely larger, ensuring a secure sturdy hold.

STAINLESS STEEL - High grade German 1.4116 Stainless Steel is a high alloy steel that is stain and corrosion resistant.

DISHWASHER SAFE - This cutlery range is tested to withstand the toughest dishwasher cycles. However, for long lasting appearance, hand washing is recommended.

TERMS & CONDITIONS

- KitchenAid warrants the product to be free from defects in material and workmanship, arising under normal use for a period of three months from the date of invoice.
- KitchenAid warranty is applicable in India only.
- KitchenAid reserves the right to request proof of purchase (either in the form of warranty card or installation note or invoice copy, etc.) with date of purchase showing model and serial number before accepting any liability for warranty claim.
- KitchenAid's sole obligation under the warranty shall be to repair or replace the defective product with a working one or a similar model of equivalent value, if the same model is not available, in the occurrence of any failure or defect covered under the warranty during the warranty period. The warranty is provided only on device and not on other in-box contents such as batteries, cables, accessories, plastic consumables etc.
- Any product replaced under the warranty shall be subject to the balance of the original warranty period applicable to the product.
- If KitchenAid determines that the replacement is not covered under the warranty, you will be duly notified.
- KitchenAid will not pay for: Repairs when the product is used in other than normal single family home (except for the Professional Series) use and/or damage resulting from accident, alteration, misuse or abuse.
- This warranty extends only to original purchaser and is non-transferable.
- This warranty program does not extend to any product not marketed and distributed by Whirlpool of India Ltd.
- KitchenAid may assign any of its rights and / or obligations, either in whole or in part, to any of its affiliates or any third party. KitchenAid may also at its discretion enter into any sub contract with any person for the performance of any part of this warranty or appoint any authorized service provider.
- Warranty will automatically get terminated after the expiry of warranty period specified in this document, even if the product may not be used for any time during the warranty period for whatsoever reasons.

The warranty shall be void if product or part label / serial number has been removed, damaged, altered, or obscured. Failure or defects of the product or part has been resulted from or attributable to:

- Modification, service, maintenance or repair done other than by a KitchenAid representative or KitchenAid authorized partner.
- Any extrinsic cause, accidental damage, improper use, modification, adaptation, neglect, wear and tear, improper installation and connection external electrical fault leading to hardware/ component failure/ burnt and any fire accidents, which damage the hardware and the components.
- Operation outside the usage parameters stated in the user documentation.
- Improper physical/ electrical or operating environment.
- Loss or damage in transit.
- Unauthorized correction / alterations made in invoice copy/installation note.
- Default in the payment of full price of the product supplied by KitchenAid or its authorized reseller.

Note: In case of the above mentioned defects, the customer can get the unit repaired from the service centre on a chargeable basis (subject to availability of spare parts).
